SPECIAL DISPATCHES TO THE OREGONIAN

EASTERN DATES TO MAY 14

WASHINGTON CITY

Congressional

WASHINGTON May 13 — In the Senate the bill increasing twenty per cent the pension for certain disabled soldiers and sailors passed. It increases the annual expenditure about six hundred thousand dollars

At the expiration of the morning hour the consideration of the bill to amend the enforcement act was resumed Casserly offered an amendment to his pending amendment that no officer in the employ of the Federal Government shall in any way have anything to do with elections and supported it by stating that the Government officials connected with the Navy Yard at Mare Island exercised undue influence in a most outrageous manner at the last State election Employees of the Navy Yard were compelled to walk up to the polls like cattle their tickets numbered by the numbers of their names on the pay roll and this obligation to vote a prepared ticket thus connected directly with their daily bread and all this under the eyes of Government officials of course with their full knowledge

Cole said he agreed with his colleague in condemning whatever was wrong and unfair in the manner of conducting the election at Mare Island, but believed his colleague was mistaken in many of his statements He said the increased vote of the election in question was due to the increased population of Vallejo since it became a terminus of the Pacific railroad

In the House after the expiration of the morning hour, Voorhees rose to a personal explanation in regard to a newspaper paragraph stating that he did not know whether to support Greeley or not He declared that he did not halt or hesitate in the matter whoever believed in Greeley's high protective tariff principles might support him he would not He proceeded to review Greeley's political history criticising in bitter language the stand taken by him during the war urging Lincoln to its prosecution, his advocacy of confiscation and other extreme measures towards the South and at a comparatively recent date of the Ku Klux He also cited Greeley's advocacy of a law to place the elections in the State of New York under Federal control and in contingencies under military control Such a man was not fit to receive his vote for the Presidency He said Greeley urged the South to rebellion and then howled like a wild beast for blood He declared that Grant had done more for the South than Greeley ever had and cited his rescue of Generals Lee and Johnston from arrest as proposed by Johnson and Stanton, as a case in point

Roosevelt suggested that Voorhees had been recently in conference with Grant

Voorhees said that he had not been at the White House for three years and that such a statement was a vile calumny It had been so reported several months ago

Butler from the Judiciary Committee reported the bill removing political disabilities from all participants in the rebellion except members of the 36th and 37th Congress officers of the judicial military and naval service of the United States the heads of Departments and Foreign Ministers It passed by two thirds majority, as did also the bill removing the disabilities of 25 000 persons by name

On motion of Sargent the rules were suspended and the bill passed appropriating $10 000 for a life size marble statue of Senator Baker of Oregon

The debate on the tariff was ordered closed at 3 P M, Thursday next

A resolution calling for a response in regard to the Liverpool Consulate was adopted

A bill from the Committee on Public Buildings appropriating $58 000 for a marine hospital at San Francisco passed

A recess was then taken until evening

CALIFORNIA.

A China woman was found lying in Spofford alley last night with her intestines protruding from two horrible wounds inflicted with a large knife She was in a dying condition but recognized a Chinaman as one of those who stabbed her

The Executive Committee will send five leading citizens at once to Washington to lay the facts in the Goat Island matter before Congress

The Kearsarge mine Inyo county was sold by the assignees in bankruptcy to J Franky for $23 000

The Bay View Homestead Co have divided property and received $1 500 in premiums

M Houghton, who was arrested on a charge preferred by Henry Myers is alleged to have bought 300 shares Minnesota mining stock at $5, but when Myers went to deliver he gave him by mistake 300 shares of Mahogany worth $25 per share of which he subsequently returned 200 shares converting 100 shares to his own use He is charged with grand larceny

The wife of Henry Leonhardt committed suicide with strychnine at Oakland yesterday

POLITICAL NOTES

Trumbull, Fowler, and most of the other prominent men who are now relied on by Greeley, were denounced by him as bribed perjured and dishonored villains in 1868, because they helped to acquit Andy Johnson

Secretary Boutwell in conversation denies the truth of rumors relative to his intended resignation, and says that he has no such intention and further that he has no Presidential aspirations but will support Grant's re election

Mr Sumner did not attend the Cincinnati Convention and since its sitting has met with Republican members of the Senate in party caucus This indicates his intention to adhere to Grant as he has made no declaration upon the nomination of Greeley

The Cincinnati *Commercial* publishes a communication from Peter H Clark a prominent colored Republican leader of the South in which he says that no considerable portion of the colored vote of the South will be cast for Greeley and that with few exceptions the colored men will vote for the nominee of the Philadelphia Convention

The Detroit *Post* grows humorous when it imagines in connection with the address of the Irish American Central League in favor of Horace Greeley as the Fenian candidate for the Presidency he warlike Horace with spectacles turned menacingly towards Canada a green sash about his ample waist the sunburst in his left hand and his right wildly waving a four foot saber ferociously leading a charge upon the Queen's Own Whoop horoo Greeley go bragh Death to the Saxon

The New York *Herald* hopes the Democrats will make no nomination so that an issue may be made between Grant, the soldier and Greeley the philosopher The *Herald* believes there should be two candidates in the field to test the strength of the opposition parties but has no doubt of the result It further says the Philadelphia Convention will place Grant at its head although he could as well be nominated by the people without any Convention at all Now says the *Herald* on the 9th let the Democratic National Committee which meets to day prepare the Democrats to indorse Greeley and we shall then be able to see with what vim the several States will stand by the soldier to whom more than by any other individual, they are indebted for the preservation of the Union which still holds together in brotherly bonds

The Illinois Legislature has passed a law authorizing the election of Canada thistle Commissioners in each township who are to receive $2 a day while on duty, whose duty it is to destroy, or cause to be destroyed, every Canada thistle plant within his jurisdiction

There is a subscription paper in circulation at Salem to raise funds to induce John B Gough to address the citizens of that place on the Fourth of July Should they succeed in securing Mr Gough's services it will tend to draw an unusually large number of people to their city on that occasion

A correspondent at Hillsboro, writing of the speeches of the candidates for Congress at that place says 'Mr Burnett may do very well at home as a canvasser of his own county but the Democrats certainly made a great mistake when they put him against a man like Judge Wilson to canvass the State'

WEDNESDAY MORNING MAY 15 1872

Blood Iago Blood

Our neighbor of the *Herald* takes up [illegible] at it blood letting [illegible] farther gore He goes into [illegible] the manner of assassins who entered the Romans [illegible] blood [illegible] neighbor's teeming [illegible] tion on [illegible] prospective [illegible] approaches and the certainty of a complete Democratic overthrow becomes apparent [illegible] wants to fight We have in Milton th simile regarding Death when he snuffed the smell of mortal change on earth

As when a flock
Of ravenous fowl though many a league remote
Against the day of battle to a field
Where armies lie encamped come flying lured
With scent of living carcasses designed
For death the following day in bloody fight
So scented the grim feature and upturned
His nostril wide into the murky air
Sagacious of his quarry from so far

In like manner the *Herald* hovering over the field on which our June election is to be contested smells blood in the air and demands victims That paper is full of threats as to what will be the consequence in case its opponents come out in force and carry the election The Democracy will not submit to it They will fight! Blood will be spilt and the presumptuous "Radicals" will be made to "sup sorrow!"

Now all this is very dreadful But we beg our neighbor to keep cool If he cannot keep cool otherwise we trust he will put on an ice cap plunge his feet into a tub of ice water and quaff large draughts of arctic soda For the bluster and intimidation which he is attempting will hurt nobody and only make himself ridiculous This story that you will not submit to be beaten in an election is rather an old story No amount of fustian or rodomontade can make it new It is played out It is what the South said when Lincoln was elected But we believe that the South after all, did submit It is just what the Democracy of Oregon said during the war They declared they would not submit to be beaten at the polls. If the radicals persisted in their mad designs, blood would flow in our streets Well, the Democracy were beaten, and blood which is much thicker than water didn't flow" So the people of Oregon are tolerably well accustomed to Democratic gallimatia, like that which the *Herald* is now uttering

A desperate faction which has obtained control of this State, and which has prostituted all public interests to its own base uses is now struggling desperately to maintain its supremacy It sees its power departing it feels the reins slipping from its hands, and it grows furious thereat Its principal organ sets up a howl of rage at the prospect Seeing the imminence of the danger it resorts after the old Southern style to bluster and intimidation The Republican vote of the State, and especially of this county has largely increased during the last two years, and this organ is in terror about it It pretends to think that there should be no such increase and that if it appears on election day it must be all fraudulent Now Republicans are a law abiding people They not only themselves submit to the laws, but they have, as occasion has required, compelled their opponents to submit to them They want only a fair election That they are determined to have. They want no votes except such as are legal This county is largely Republican, and has always been. We believe it has now a larger Republican majority than at any former time We are entitled to this majority, and propose to have it. We propose no violence, we countenance nothing that is illegal, but as Republicans we stand for our rights The Republicans of Multnomah make no threats and will submit to no intimidation. But if a reckless faction here, fighting for continued possession of the spoils they have won, and pushed to desperation by the certainty of defeat, think to overawe the Republicans of this county by minatory words, they are likely to find their mistake 'Tis the eye of childhood that fears a painted devil!

This county has been repeatedly carried by the Republicans by from four to six hundred majority. That we have an equal majority of legal voters now there can be no reasonable doubt. The sentiment of Multnomah was never so overwhelmingly Republican as it is to-day. The evidences of this multiply. On election day we shall submit the final proofs, in spite of the *Herald's* threats and croakings.

A "Smart" Senator

A few days ago, in the United States Senate, Mr Thurman of Ohio, in the course of some remarks on Mr Corbett's bill for the naturalization of persons born in Oregon of British parents prior to the treaty of 1846 sneered at the decision rendered by the United States District Court for the District of Oregon, in the case of McKay, one of the persons for whose relief this bill is proposed Mr Thurman thought this class of persons citizens already, and expressed a very contemptuous opinion of a Court that would hold otherwise But he ignored utterly the principles on which the decision is founded McKay was born of a native mother by a British father, at Fort George, a place exclusively under foreign jurisdiction True we laid claim to the country, but it was not ours till we secured it by negotiation Foreign jurisdiction over Fort George was absolute, and no one who investigates the subject can doubt the correctness of the Court's opinion and Mr Thurman simply made a fool of himself by talking about a matter of which he knew nothing. It was intended as a slur on Oregon. Mr. Thurman is one of those peculiar people who think that the whole country west of his State is a land of ignorance, sadly needing the culture of civilization

The *Herald* repeats its unfounded statement that Mr Wilson is under "pledges to the "railroad king" But we would remind our neighbor that a statement of this sort even though well stuck to is not as good as the truth. We here repeat, on authority of Mr. Wilson himself, that no communication parol or written looking to touching or in any way directly or remotely implying a pledge of any description ever passed from him to the person whom the *Herald* designates as "railroad king" The *Herald* says it could, if it were necessary, repeat the very language used by the railroad king when he read what Wilson said. It would doubtless be easy for that paper to repeat its own fabrications to the end of the chapter We have authority for saying that Mr Holladay never received or read in his life a word written by Mr Wilson So here is an end of it

Referring to the locks swindle, the *Farmer* asks Can a few sanctimonious scoundrels graft themselves on our Legislature, buy votes enough to give themselves a contract with the State and then fulfill that contract just to the extent they wish and no further Here is an implied charge by a non partisan paper that the locks bill was bought through the Legislature It is well understood that Senator Kelly hypothecated his share for money enough to reimburse him for expenses in securing his election The people had to pay for his [illegible] at $250,000 a plate which he had to be furnished to put the Democratic [illegible] Kelly [illegible] Jackson

A Peoples Ticket

We printed [illegible] ticket [illegible] put forth by [illegible] which the people of Multnomah county are to [illegible] called to take This ticket is brought out [illegible] the action of the Democratic [illegible] which are appointed for to-morrow [illegible] examining the names we did not discover much fusion about it It is a purely straight Democratic that it were a pity to call it by any other name What the Democrats of Multnomah could expect to gain by taking such a ticket instead of nominating in the regular way is not easy to discover For this ticket would get only the Democratic vote and perhaps not all of that It hasn't Republican flavor enough to bring it any Republican strength even if there were general discontent with the regular Republican ticket If the Democracy can do no better than such an "alliance" as this, their case is hopeless indeed We commend the ticket thus presented as a curious study It will serve to diversify for one day the political aspects of the canvass

Here is an extract from a speech delivered by Senator Trumbull only last September

And there is a party outside—the Democratic party—beating around among the seas driven for ten years hither and thither by every wind of passion taking a new departure and seeking to find the old ship If you believe they can man her and sail her more safely put them in possession of her but if you think the men who saved her are the best to steer her safely hereafter into the haven of peace and prosperity for the American people, then keep them at the helm

Dan Voorhees the Democratic leader of Indiana, doesn't support Greeley His remarks concerning Greeley reported by telegraph to day are not to say the best of them very complimentary toward the latter Those remarks are an expression of the simon pure Democratic sentiment of the country Huckstering leaders can't push up the Democracy to Greeley's support They can't keep Democrats from nominating candidates of their own They may as well forbid the sea to obey the moon

Congress has voted an appropriation for a statue of the lamented Senator Baker It is a fitting act in commemoration of a man whose eloquence moved human souls with a wondrous and unmatchable sorcery and whose bravery and devotion to country were established by the last proof that the patriot can give

The exact decrease of the public debt during the month of April was $12,538 088 62 The decrease since the beginning of the present administration has been $327 713,818 Isn't this satisfactory?

Gen Grant's ability as a commander received the following graceful acknowledgment from Mr Carl Schurz at a mass meeting of Germans held in the Cooper Institute on the [illegible] of November, 1864 It is said that Grant has not been successful I will not stop to discuss this question just now but this I will say that Grant has done [illegible] no person has ever expected of him He has brought [illegible] to his wits end [illegible] how [illegible] Gen Grant [illegible] and that [illegible] tionally [illegible] [illegible] plan [illegible] that city With a few alterations this speech might now be truthfully be made [illegible] It is said that Grant has not proved [illegible] a successful President I will not stop to discuss this question just now but this I will say that Grant has done what no person has ever expected of him When he came into office in 1869 the total amount of yearly interest on the public debt of the United States was upward of one hundred and twenty six million of dollars ($126 [illegible]) Now it is less than one hundred and six millions ($10[illegible] 901 0[illegible]) His Administration has effected an annual saving to the people of more than twenty millions of dollars ($[illegible]) You all know how little was thought of our securities abroad until his advent to the Presidential chair, and how eagerly they have since been sought after The great body of the people demands his re-election in spite of the opposition of the Democrats and the false accusations of the sorehead Republicans

CITY.

CITY GARDENS —We learn from a tolerably authentic source that a number of gentlemen largely interested in the Caruthers claim until recently the subject of so much vexatious litigation, intend to set apart a tract near the southern limits of the claim containing from five to ten acres This tract will be regularly laid off and converted into a garden [illegible] in many respects to Woodward's Gardens of San Francisco A street car will also be built in the event of the first intention being carried into effect and run from the center [illegible] to the gardens

The benefits to be derived from such a public improvement are too obvious to require comment To hundreds (we might say) of our population the Sabbath is a dull wearisome day Some public place which could be reached by a few minutes ride on the cars where a pleasant evening promenade could be enjoyed would be well patronized The public has long felt the need of some rendezvous which the construction of these gardens would supply It would prove a judicious enterprise to the owners, and contribute much toward the sum of the enjoyment of the people of the city It is but a rumor, and we give it as such We should be gratified to know that such an enterprise is on foot

A SAD CASE —We have just heard of a truly sad case of poverty and affliction which exists in East Portland A short time since an aged and infirm couple arrived here from Missouri accompanied by two daughters and their sons in law On their arrival here they were in a condition bordering on utter destitution Ever since the two sons in law have been down sick, and one of the daughters. The burden of attention and providing for the wants of the remaining ones has fallen on the two old people A few days since one of the grand children died and were buried by the family, as no assistance was proffered by [illegible] Another small child is now lying at the point of death It is a very sad case and one that appeals in the strongest possible manner to the kindly sympathies of human nature The charitable citizens of East Portland must have been kept in ignorance of the condition of these [illegible], or else the attention and assistance so very necessary would have been heartily tendered. We hope this matter will be looked into at once by either our citizens, or the proper authorities Let it not be said that Portland has failed to exercise with a heart felt sympathy, that most noble and God like attribute of all—Charity—to the destitute sorrowing and afflicted in our midst

PRECAUTIONS NECESSARY —We are informed that there are great quantities of cordwood cut and lying in the timber west of the city, and that the amount will be doubled by the first of September This being the case, great precautions should be taken against fire Nearly every year the destroying element gets loose in the timber during the summer, and large quantities of wood are consumed Especially was this the case last year Several hundred cords were destroyed in a few hours on the hills adjacent to the city. A little negligence is sometimes attended with much loss Either the wood ought to be hauled to some place of safety or some steps taken to prevent the woods being set on fire under any circumstances where there are the least probabilities of its spreading Not only is wood destroyed but every season we are called upon to chronicle the destruction of crops, [illegible], rails, and even houses and barns If property cannot be secured against such ravages otherwise, a severe penalty ought to be attached to setting fire among the timber and brush except when it is purely the result of accident and wholly unavoidable

MISS MEHLIG —A San Francisco exchange in speaking of this wonderful pianiste who will probably visit this city in a few weeks, says "The second concert of Miss Anna Mehlig the [illegible] pianiste, will take place this evening May 9th, at Pacific Hall, when she will be assisted by Miss Helen C Dingeon, Ernst Schlott, F Bell and A Hildebrand George T Evans is [illegible] director The box sheet is rapidly filling up, and there will undoubtedly be a large and fashionable audience It may be as well to inform those who are ignorant of the fact, that we have never before had a visit from any performer on the pianoforte worthy of being compared to Miss Anna Mehlig, and may never hear her [illegible]"

DEEP SNOW —A gentleman just from Three Mile Creek Wasco county informs us that snow lay in that vicinity on the ground last winter for a period of nine weeks He reports the snow in the mountains much deeper than it has been for a number of past years Should there be a spell of warm weather of several weeks duration the flood would exceed anything of the kind for many years previous The Columbia river rose two feet at the Dalles on Friday night last Every one at that place are making preparations to move back as the water rises

FOR SAN FRANCISCO —As has been announced the steamer *California* which has been on the Victoria and Portland line for the past three years, sailed last evening for San Francisco, with passengers and freight The following persons took their departure John McCannashie M Hirsch M H Harris, G W Peabody E L Peabody, Mrs B Smith, W C Rumsey, C H Perkins and wife, Antone de Sequeira Mrs W S Anderson, Alex McCannach e and wife Wells Fargo & Co.'s messenger, and 25 in the steerage

PETIT JURORS —U S Marshal Thomas G Young has returned the following list of petit jurors for the present term of the U S District Court J H Wilson, John Gray T C Dufley W P Murphy C H James G W Johnson Norris Newton, G G Newton Presley Comegys P G Lemley George Humphreys, Cyrus Titus H Gamilhan C A McGuire S J Ingalls, F C Carr, Nelson Hoyt, James L Ladd Joseph Copeland, J H Olds B E Lippencott Jas F Bewley, J W Quin, John Powell

PERSONAL —The Olympia *Courier* thus speaks of one of our Portland divines Rev Dr Lindsley, of Portland preached to an attentive and delighted congregation in the Presbyterian [illegible] last evening His theme was "Jesus That who came into the world to save sinners." The sermon was the most brilliant that we have ever listened to in the city of Olympia fully justifying the reputation which the Doctor has [illegible] of being one of the ablest orators on the Pacific coast '

CRIME DECREASING —We have to note that there was not a single case before Judge Denny s Court yesterday morning Business so far during the [illegible] month has been very light Let us have less crime if it increases our taxes [illegible] of every tax payer in the city and county We are apprehensive however that this lull in the commission of crimes from vagrancy to an assault is a treacherous calm, and only foretokens a sewing storm

[illegible] —We ascertain that application has been made to Gen Ball commanding this Brigade, for the formation of a Battery of Light Artillery, and he has issued orders for the election of [illegible] and the organization of the Battery on Thursday of next week This is the first official step looking toward the recognition by the State authorities of the Artillery Company which has been so frequently noticed in the daily press of this city

FOR VICTORIA —The steamer *Idaho* sailed last [illegible] for the North in place of the *California* with the following passengers Miss Lida Blackler, S D Smith, wife three children and servant Miss Carrie Watkins Miss Dora McCord M D McCord, Mrs H L McCord Miss Ann e Fernside Miss Louisa Hiltebiddle Miss Jessie McCord Myrtle McCord, J E Sayers J F Harned

WORK COMMENCED —A few days ago we announced that the contract for the construction of a permanent stone fence around the Court House block had been awarded to several parties Yesterday the old wooden fence which has surrounded the block so long was moved and work begun in earnest There will be no cessation on the work until the fence is completed

OUT AGAIN —Jas B Stephens who has been confined to his bed for the last month with a severe bilious attack, is able to appear on the streets again His many friends will be gratified to learn of his convalescence

POSTPONED.—Owing to the threatening state of the weather, the picnic excursion contemplated to day by the pupils of the Taylor street M E [illegible] School, has been postponed Timely [illegible] will be given

ADMITTED.—In Judge Deady s Court yesterday morning, Joseph Frike was admitted to citi

ADDENDA —In our report of the speeches at the ratification meeting on Monday evening we omitted several good points which were made by the speakers Among others Mr Caples in discussing the Locks bill conclusively demonstrated that the measure was passed by the Democrats not for the purpose of cheapening transportation on the Wallamet river which was the only object the people could have in the building of the Locks but the Legislature passed the bill for the purpose of putting money into the purses of a certain ring composed chiefly of the Democratic controllers of Governor Grover While the bill allows the company fifty cents per ton on all freight passing through the Locks responsible men could be found who were willing to enter into bonds to transport all freight passing up or down the river over the falls for twelve cents per ton, and then asked the speaker of what profit to the people at large will the Locks be? The profit would truly be hard to discover

Mr Mitchell's speech was remarkably well timed and appropriate and our report of it would have failed to do him justice even if a careless compositor had not made us use the word "Philadelphia" for "Phillippi"

THE WRONG MAN HUNG —Now our readers should not be startled by the above heading, for the man was only hung by the seat of his pants and he was the wrong one only on paper In the columns of our evening contemporary is an account of a trout fishing expedition by the local of that paper and a gentleman he styles the Court in which ye local tells a funny joke on the Court and says the Court made a misstep on the bank of the stream and was caught and hung suspended over the boiling flood by a snag catching in the rear of his pantaloons We are creditably informed that an inspection of the apparel of "ye local" will afford convincing proof to persons who are not too modest to make the examination that it was not his honor, but "ye local" who escaped a narrow death by hanging and drowning at the same time

A BLUNDERING RUNAWAY —An expressman bought a new horse last Sunday and yesterday harnessed him to a wagon on Third street, near Morrison He had scarcely got seated in the wagon when the equine started full tilt up the street heedless of all effort on the part of the driver to tone down his speed to the legal gait of six miles per hour At Yamhill street the horse turned toward Second and on reaching the south east corner of the two streets last named, broke loose from the wagon and went heels over head over the fence into the garden of friend Tanner despoiling his flower beds and garden truck muchly After the fall over the fence the animal seemed to regain his wits and was quite docile

THROUGH TO YAMHILL —It is confidently expected that the "rale rode keers" will be running to the classic waters of the Yamhill by the first of July—in time to capture and carry off the grain crops The Yamhillers are waiting in almost breathless expectancy for the hoarse cough of the locomotive to be heard in the land which has produced so many eminent men What an era will be ushered in when the steam horse shall go careering through its hills and valley Once it required a great stretch of fancy to realize this state of things but now the reality is at their very doors

A CAMPAIGN CLUB —A Republican Campaign Club was organized at the Court House on Monday evening last at the conclusion of the grand ratification meeting About 300 names were subscribed to the pledge to support the State and county platforms already adopted The Club have made arrangements to hold public meetings in Armory Hall on Stark street These meetings will be held three times a week and public speaking on each meeting night The hall will be kept open both day and night and be used as a general rendezvous and headquarters of the Club

SPEAKING TO NIGHT —Both Republicans and Democrats will bear in mind that the rival candidates for Congressional honors will address their fellow citizens at the Court House this evening Speaking will commence at 8 o clock It is expected that Mr Wilson will not leave enough of his friend Burnett to make a decent funeral on the 3d of next month when the Democracy propose to perform the last sad rites of burial on what remains It is morally certain that Jo Teal will have but a small load for that canoe up Salt river

THAT POLICE —The Three Wise Heads (not the Three Stone Heads gentle reader who manipulate the Metropolitan Police regulations of the city met last evening Nothing of special importance was transacted No burglaries have been committed within the last four and twenty hours it was resolved that [illegible] men were necessary Burglars are hereby notified that [illegible] will certainly be arrested and punished to the full extent of the law

DECORATION DAY —The Grand Army of the Republic will celebrate the day at the Court House on the 30th inst with appropriate ceremonies [illegible] Taggart of this city has accepted the [illegible] to deliver the address on that occasion

RED MEN'S PICNIC —The Improved Order of Red Men have determined to hold their excursion picnic to Sauvie s Island on Tuesday 21st inst providing of course, that the weather proves favorable

HAVE WE ANOTHER "STRAWMAN"

TO THE EDITOR OF THE OREGONIAN

SIR—In yesterday s OREGONIAN there was an article under the heading of "Wallamet Bridge" signed "Experience" The main object of his communication evidently was to disparage C Chapman [illegible] great undertaking [illegible] that he (Col) Chapman had not the ability [illegible] that there was not [illegible] company [illegible] willing [illegible] who [illegible] they [illegible] The [illegible] When this or that Company will show [illegible] Col Chapman can then we say he [illegible] the [illegible] If Col Chapman [illegible] If he has [illegible] bridge [illegible] the enterprise and the public [illegible] doubt the ability of the P [illegible] to build said bridge Why then [illegible] such an article just at this time It reminds us here of the story of the dog in the manger

PEOPLES TICKET —We learn that a number of men [illegible] Mason Pres and others [illegible] somewhere last night In the city and suggested a ticket which they are going to call the Peoples Ticket How or when the people authorized C P Mason Pres and others to make a ticket for them we don t know The ticket suggested is made up of the following names For State Senator Al Zieber Representatives Frank Dekum E L Shattuck Walter Moffett and R J Ladd County Clerk Ben L Norden Sheriff E Corbett Treasurer B G Whitehouse C P Mason Pres and [illegible] others pledged themselves to support the ticket

TIME SETTLED —At a meeting held last evening at the Taylor street M E church it was determined to hold the Sunday school picnic on next Friday should the weather prove at all favorable to the excursion It is to be sincerely hoped that the weather clerk will put on some of his blandest smiles on that day as his frowns have already been the occasion of two picnics being postponed this week

SEVERE FALL —A gentleman whose name we could not ascertain while on his way home on one of the back streets the other night met with a severe fall He was stepping from the sidewalk to the apron when his feet both slipped from under him He was slightly bruised and one of his wrists sprained by the fall

FOR SAN FRANCISCO —Mr William L Halsey started overland yesterday to San Francisco He goes on business connected with the railroad enterprises in this State and will be absent several weeks In his absence from the State Mr Halsey will do much to hurry forward the construction of the railroads in Oregon

CITY.

CITY GARDENS.—We learn from a tolerably authentic source that a number of gentlemen largely interested in the Caruthers claim—unt recently the subject of so much vexatious litigation—intend to set apart a tract near the southern limits of the claim containing from five to ten acres. This tract will be regularly laid off and converted into a city garden similar in many respects to Woodward's Gardens of San Francisco. A street car will also be built in the event of the first mention being carried into effect and run from the center of the city to the gardens.

The benefits to be derived from such a public improvement are too obvious to require enumeration. To hundreds (we might say of our population the Sabbath is a dull, wearisome day. Some public place which could be reached by a few minutes ride on the cars where a pleasant evening promenade could be enjoyed would be well patronized. The public has long felt the need of some rendezvous which the construction of these gardens would supply. It would prove a judicious enterprise to the owners, and contribute much toward the sum total of the enjoyment of the people of this city. It is but a rumor, and we give it as such. We should be gratified to know that such an enterprise is on foot.

A SAD CASE.—We have just heard of a truly sad case of poverty and affliction which exists in East Portland. A short time since an aged and infirm couple arrived here from Missouri accompanied by two daughters and their sons in law. On their arrival here, they were in a condition bordering on utter destitution. Ever since, the two sons-in-law have been down sick, and one of the daughters. The burden of attention and providing for the wants of the remaining ones, has devolved on the two old people. A few days since one of the grand children died and were buried by the family, as no assistance was proffered by the neighbors. Another small child is now lying at the point of death. It is a very sad case, and one that appeals in the strongest possible manner to the kindly sympathies of human nature. The charitable citizens of East Portland must have been kept in ignorance of the condition of these people, or else the attention and assistance so very necessary would have been heartily tendered. We hope this matter will be looked into at once by either our citizens, or the proper authorities. Let it not be said that Portland has failed to exercise, with a heart felt sympathy, that most noble and God like virtue of all—Charity—to the destitute, sorrowing and afflicted in our midst.

PRECAUTIONS NECESSARY.—We are informed that there are great quantities of cordwood cut and lying in the timber west of the city, and that the amount will be doubled by the first of September. This being the case, great precautions must be taken against fire. Nearly every year the destroying element gets loose in the timber during the summer, and large quantities of wood are consumed. Especially was this the case last year. Several hundred cords were destroyed in a few hours on the hills adjacent to the city. A little negligence is sometimes attended with much loss. Either the wood ought to be hauled to some place of safety or some means taken to prevent the woods being set on fire under any circumstances where there are the least probabilities of its spreading. Not only is wood destroyed, but every season we are called upon to chronicle the destruction of crops, fences, rails, and even houses and barns. If property cannot be secured against such ravages otherwise, a severe penalty ought to be attached to setting fire among the tinder like brush, except when it is purely the result of accident and wholly unavoidable.

OF MISS MEHLIG.—A San Francisco exchange in speaking of this wonderful pianiste who will probably visit this city in a few weeks, says: "The second concert of Miss Anna Mehlig, the [illegible] pianiste, will take place this evening, May 9th, at Pacific Hall, when she will be assisted by Miss Helen C. Dingeon, Ernst Schlott, F Bell and A. Hildabrand. George T Evans is musical director. The box sheet is rapidly filling up, and there will undoubtedly be a large and fashionable audience. It may be as well to inform those who are ignorant of the fact, that we have never before had a visit from any performer on the pianoforte worthy of being compared to Miss Anna Mehlig, and may never hear her again."

DEEP SNOW.—A gentleman just from Three Mile Creek, Wasco county, informs us that snow lay in that vicinity on the ground last winter for a period of nine weeks. He reports the snow in the mountains much deeper than it has been for a number of past years. Should there be a spell of warm weather of several weeks' duration, the flood would exceed anything of the kind for many years previous. The Columbia river rose two feet at the Dalles on Friday night last. Every one at that place are making preparations to move back as the water rises.

FOR SAN FRANCISCO.—As has been announced, the steamer *California*, which has been on the Victoria and Portland line for the past three years, sailed last evening for San Francisco, with passengers and freight. The following persons took their departure: John McCannachie, M Enoch, M H Harris, G W Peabody, E L Peabody, Mrs R Smith, W C Rumsey, C H Perkins and wife, Antoine de Sequeira, Mrs W S Anderson, Alex McCannachie and wife, Wells Fargo & Co.'s messenger, and 25 in the steerage.

PETIT JURORS.—U S Marshal Thomas G Young has returned the following list of petit jurors for the present term of the U S District Court: J H Wilson, John Gray, T. C Duffey, W. P. Murphy, C H James, G W Johnson, Kenis Newton, G. G Newton, Presley Comegys, P. G. Lamley, George Humphreys, Cyrus Titus, M. Carrahan, C A McGuire, S J Ingalls, F C Carr, Nelson Hoyt, James L Ladd, Joseph Copeland, J. H. Olds, B E Lippencott, Jas F Bewley, J. W. Quin, John Powell.

PERSONAL.—The Olympia *Courier* thus speaks of one of our Portland divines: "Rev Dr Lindsley, of Portland, preached to an attentive and delighted congregation in the Presbyterian church last evening. His theme was 'Jesus Christ, who came into the world to save sinners.' The sermon was the most brilliant that we have ever listened to in the city of Olympia, fully justifying the reputation which the Doctor has earned, of being one of the ablest orators on the Pacific coast."

CRIME DECREASING.—We have to note that there was not a single case before Judge Denny's Court yesterday morning. Business so far during this month has been very light. Let us have less crime if it increases our taxes is the sentiment of every tax payer in the city and county. We are apprehensive however, that this lull in the commission of crimes from vagrancy to an assault is a treacherous calm, and only forebodes a coming storm.

ARTILLERY.—We ascertain that application has been made to Gen Ball, commanding this Brigade, for the formation of a Battery of Light Artillery, and he has issued orders for the election of officers and the organization of the Battery on [illegible] day of next week. This is the first official action looking toward the recognition, by the State authorities, of the Artillery Company which has been so frequently noticed in the daily press of this city.

FOR VICTORIA.—The steamer *Idaho* sailed last night for the North in place of the *California*, with the following passengers: Miss Lida Blackler, E D Smith, wife, three children and servant, Miss Carrie Watkins, Miss Dora McCord, M D McCord, Mrs H L McCord, Miss Annie Fernside, Miss Louisa Hillebiddle, Miss Jessie McCord, Master McCord, J E Sayers, J R Harned.

WORK COMMENCED.—A few days ago we announced that the contract for the construction of a permanent stone fence around the Court House block had been awarded to several parties. Yesterday the old wooden fence which has surrounded the block so long was moved in, and work begun in earnest. There will be no cessation in the work until the fence is completed.

OUT AGAIN.—Jas B. Stephens who has been confined to his bed for the last month, with a severe bilious attack, is able to appear on the streets again. His many friends will be gratified to learn of his convalescence.

POSTPONED.—Owing to the threatening state of the weather, the picnic excursion contemplated to day by the pupils of the Taylor street M E Church School, has been postponed. Timely notice will be given.

ADMITTED.—In Judge Deady's Court, yesterday, Joseph Frike was admitted to citi-

LOCAL BREVITIES

Common Council to night.

No picnic excursion to day.

No active steamers now in port.

Through mail from the East now in twelve days.

Soda fountains are driving an animated business.

Remember the speaking at the Court House to night.

Real estate wagons were circulating lively yesterday.

Building business brisk, which sounds like all creation.

Japanese jugglers will probably be in this city about the 22d inst.

Young gooseberries are making their appearance in the markets.

Kite flying appears to be a favorite pastime with the boys in this city.

The largest mail this month was received yesterday at the Postoffice.

The fair weather of the past few days has brought out a number of small sailing crafts.

Trout fishing along the wharves seems to have become a favorite amusement with numerous boys.

The steamer *Dixie Thompson* did not reach her wharf until several hours after the usual time last evening.

Local news is so scarce now that a morning paper sometimes goes to the cemetery to resurrect dead matter.

The ship *Hermann* will finish receiving her cargo and be rigged by Saturday when she will be ready to sail.

Yesterday we observed the Poundmaster leading away to death a very quiet looking canine. The dog seemed very cool under the circumstances.

Postmaster L H Wakefield returned last evening from an official visit to Walla Walla. He has been absent from his post of duty for several days.

A minister of this city was the recipient of a freewill offering, in coin, yesterday from an M D of this city and desires to publicly thank the said M D for the favor.

C H Perkins Esq, late of Quimby & Perkins American Exchange Hotel, took his departure last evening on the *California*. He goes to the Green Mountain State to reside permanently.

Cobwebs and accumulations of dust have been disposed of in Wells, Fargo & Co's office. It now presents a much improved appearance. The work of reconstruction will proceed for a few days yet.

The friends of Captain John Kerns will be pained to learn of the illness of that gentleman. He is lying very low at East Portland with the consumption. No hopes are entertained of his recovery.

Owing to the fact that Joseph G Wilson and Burnett will speak at the Court House to morrow evening, the Democrats have postponed their primaries until the following day. It is natural to defer an unpleasant task to the last possible moment.

COURT PROCEEDINGS

U S DISTRICT COURT—DEADY, J

Joseph Frick, native of Switzerland admitted to citizenship.

U S vs M S Hart indictment for perjury cause on trial. Jury—J H Olds, W P Murphy, James F Bewley, G. G Newton, P G Lemley, Joseph Copeland, John Gray, C A. McGuire, J W. Grim, John Powell, Presley Comegys, F C Carr.

ADDENDA.—In our report of the speeches at the ratification meeting on Monday evening we omitted several good points which were made by the speakers. Among others, Mr Caples, in discussing the Locks bill, conclusively demonstrated that the measure was passed by the Democrats, not for the purpose of cheapening transportation on the Wallamet river, which was the only object the people could have in the building of the Locks, but the Legislature passed the bill for the purpose of putting money into the purses of a certain ring composed chiefly of the Democratic confreres of Governor Grover. While the bill allows the company fifty cents per ton on all freight passing through the Locks, responsible men could be found who were willing to enter into bonds to transport all freight passing up or down the river over the falls for twelve cents per ton, and then asked the speaker, of what profit to the people at large will the Locks be? The profit would truly be hard to discover.

Mr Mitchell's speech was remarkably well timed and appropriate, and our report of it would have failed to do him justice, even if a careless compositor had not made us use the word "Philadelphia" for "Philippi."

THE WRONG MAN HUNG.—Now our readers should not be startled by the above heading, for the man was only hung by the seat of his pants and he was the wrong one, only on paper. In the columns of our evening contemporary is an account of a trout fishing expedition by the local of that paper, and a gentleman he styles the Court, in which ye local tells a funny joke on the Court and says the Court made a misstep on the bank of the stream and was caught and hung suspended over the "boiling flood," by a snag catching in the rear of his pantaloons. We are creditably informed that an inspection of the apparel of "ye local" will afford convincing proof to persons who are not too modest to make the examination, that it was not 'his honor,' but "ye local" who escaped a narrow death by hanging and drowning at the same time.

A BLUNDERING RUNAWAY.—An expressman bought a new horse last Sunday and yesterday harnessed him to a wagon on Third street, near Morrison. He had scarcely got seated in the wagon when the equine started full tilt up the street, heedless of all effort on the part of the driver to tone down his speed to the legal gait of six miles per hour. At Yamhill street the horse turned toward Second, and on reaching the south east corner of the two streets last named, broke loose from the wagon and went heels over head over the fence into the garden of friend Tanner, despoiling his flower beds and garden truck muchly. After the fall over the fence the animal seemed to regain his wits and was quite docile.

THROUGH TO YAMHILL.—It is confidently expected that the "rale rode keers" will be running to the classic waters of the Yamhill by the first of July—in time to capture and carry off the grain crops. The Yamhillers are waiting in almost breathless expectancy for the hoarse cough of the locomotive to be heard in the land which has produced so many eminent men. What an era will be ushered in when the steam horse shall go careering through its hills and valley. Once it required a great stretch of fancy to realize this state of things, but now the reality is at their very doors.

A CAMPAIGN CLUB.—A Republican Campaign Club was organized at the Court House, on Monday evening last at the conclusion of the grand ratification meeting. About 500 names were subscribed to the pledge to support the State and county platforms already adopted. The Club have made arrangements to hold public meetings in Armory Hall on Stark street. These meetings will be held three times a week and public speaking on each meeting night. The hall will be kept open both day and night and be used as a general rendezvous and headquarters of the Club.

SPEAKING TO NIGHT.—Both Republicans and Democrats will bear in mind that the rival candidates for Congressional honors will address their fellow citizens at the Court House this evening. Speaking will commence at 8 o'clock. It is expected that Mr Wilson will not leave enough of his friend Burnett to make a decent funeral on the 3d of next month, when the Democracy propose to perform the last sad rites of burial on what remains. It is morally certain that Jo Teal will have but a small load for that canoe up Salt river.

THAT POLICE.—The 'Three Wise Heads' (not the Three Stone Heads, gentle reader) who manipulate the Metropolitan Police regulations of the city met last evening. Nothing of special importance was transacted. As no burglaries have been committed within the last four and twenty hours it was resolved that no more police men were necessary. Burglars are hereby notified that if any of them be caught in the act of appropriating another man's property they will certainly be arrested and punished to the full extent of the law.

DECORATION DAY.—The Grand Army of the Republic will celebrate this day at the Court House on the 30th inst with appropriate ceremonies. We learn that [illegible] Taggart of this city has accepted the invitation to deliver the address on that occasion.

RED MEN'S PICNIC.—The Improved Order of Red Men have determined to hold their excursion picnic to Sauvie's Island on Tuesday 21st inst, providing of course, that the weather proves favorable.

HAVE WE ANOTHER "STRAW MAN?"

TO THE EDITOR OF THE OREGONIAN

SIR—In yesterday's OREGONIAN there was an article under the heading of "Wallamet Bridge," signed "Experience." The main object of this communication evidently was to disparage C H Chapman in his great undertaking, representing that he (Col Chapman) had not the ability to construct said bridge, that the plans were not adequate and that there was another Company formed who [illegible] able and willing to construct said bridge. [illegible] If there is any such company why not let the public know who the parties are and what they would do. [illegible] The public ear has been fooled long enough with mythical rumor. When this or that Company will show the public that they can or will [illegible] Col Chapman can then we say let them have the chance.

But enough of such vagary as was displayed by the article referred to. If Col Chapman's plans are not [illegible] then how is it [illegible] has not the money to build the bridge [illegible] the men that have. We are credibly informed that large donations of land and money are already pledged to this enterprise and the public have no reason to doubt the ability of the P [illegible] to build said bridge. Why then produce such an article just at this time. It reminds us here of the story of the dog in the manger.

AN EAST PORTLANDER

EAST PORTLAND May 14 1872

PEOPLES TICKET.—We learn that a number of men (O P Mason, Pres and 4 others it is said) met somewhere last night in this city and suggested a ticket which the meeting called the "Peoples' Ticket." How or when the "people" authorized "O P Mason Pres and 47 others" to make a ticket for them we don't know. The ticket "suggested" is made up of the following names: For State Senator, Al Zieber. Representatives, Frank Dekum, B D Shattuck, Walter Moffett and R J Ladd. County Clerk, Ben L Norden. Sheriff, E Corbett. Treasurer, B G Whitehouse. O P Mason Pres and 47 others "pledged themselves to support the ticket."

TIME SETTLED.—At a meeting held last evening at the Taylor street M E church it was determined to hold the Sunday school picnic on next Friday, should the weather prove at all favorable to the excursion. It is to be sincerely hoped that the weather clerk will put on some of his blandest smiles on that day as his frowns have already been the occasion of two picnics being postponed this week.

SEVERE FALL.—A gentleman whose name we could not ascertain, while on his way home on one of the back streets the other night met with a severe fall. He was stepping from the sidewalk to the apron when his feet both slipped from under him. He was slightly bruised and one of his wrists sprained by the fall.

FOR SAN FRANCISCO.—Mr William L Halsey started overland yesterday to San Francisco. He goes on business connected with the railroad enterprises in this State and will be absent several weeks. In his absence from the State Mr Halsey will do much to hurry forward the construction of the railroads in Oregon.

BUSINESS NOTICES.

A FEW WEEKS LONGER.—Dr Aborn has made arrangements to remain in Portland a few weeks longer before he returns to San Francisco. Dr Aborn has had unparalleled success since his arrival here. Those who contemplate consulting the Doctor whilst he remains here should lose no time in doing so.

CAN'T BE OUTDONE.—Notwithstanding the many inducements offered by other Clothing houses in this city to please the public, the firm of J O Neil & Co., 95 First street are not to be outdone in the matter of low prices or quality of goods. They have received and are receiving large invoices of Clothing and Furnishing goods and are prepared to fill all orders that may be extended to them with promptness and satisfaction to buyers. For Summer wear the *Chef of Mart* and other novelties are among the attractions they offer.

THE CLOTHING TRADE.—First street is becoming a center for the transaction of retail business. Among the latest additions may be noticed that of the firm of Fishel & Roberts, S W corner of First and Washington streets who recently opened an extensive stock of ready made Clothing and Gents Furnishing Goods. Gentlemen and youths will find an excellent assortment of Cloths in this house from which they can have made Suits of the Latest Style at prices that no person need complain of.

AT HOME.—Those who have had occasion to travel along Front street, and there are few who have not, must have observed the extensive Clothing establishment of Jas Kohn & Co. There is no house north of California that can display to the public such an immense stock of Clothing as that of Jas Kohn & Co., 91 Front street. Any one visiting this firm will feel perfectly at home with the gentlemanly clerks attached to this house. To be satisfied try them.

THE UMATILLA HOUSE at The Dalles is now completed and furnished in every respect unsurpassed. The office is the most cheerful and pleasant in the State and the dining hall is unequaled. The rooms are all newly furnished. The house has twelve suites of rooms with stoves in them for families. The new house stands much higher than the old one. The ceilings are four feet higher which adds greatly to the cheerfulness of the rooms. The table is kept in a style to correspond fully with the appointments.

PLANTATION BITTERS!

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

MEXICAN MUSTANG LINIMENT,

FOR MAN AND BEAST.

Probably few articles have ever had so extensive a sale, while none have been more universally beneficial than the MEXICAN MUSTANG LINIMENT. Children, Adults, Horses and Domestic Animals are always liable to accident and it is safe to say that no family can pass a single season without some kind of an emollient being necessary. It becomes a matter of importance then to secure the best.

Over three hundred livery stables in the city of New York alone are using the MEXICAN MUSTANG LINIMENT in all of which it gives unusual satisfaction.

CAUTION.—The genuine is wrapped in a fine Steel Plate engraving with [illegible] *G W Westbrook, Chemist* and *Trade Mark MEXICAN MUSTANG LINIMENT* engraved across the face of each wrapper. The whole bears the proprietor's private United States Revenue Stamp and not a common stamp as used by druggists.

It Never Comes Again.

R. H. STODDARD

There are gains for all our losses
There are balms for all our pains
But when youth the dream departs
It takes something from our hearts,
And it never comes again.

We are stronger and are better
Under manhood's sterner reign
Still we feel that something sweet
Followed youth with flying feet
And will never come again

Something beautiful is vanished
And we sigh for it in vain
We behold it everywhere
On the earth and in the air
But it never comes again

The Conversation of the Crowd

It is a very funny thing to connect stray sentences, and oftentimes they prove a good deal of merriment The following jabbering was noted down to satisfy personal curiosity from scraps of conversation, as they reached the writer's ears in a crowd coming from the National theater on the occasion of one of the performances of the week

Treatment of Hydrophobia

SOMETHING TO CUT OUT AND KEEP

A correspondent of the Detroit *Tribune* gives an account of the treatment pursued in the recent case of hydrophobia at Flint, Michigan. The subject of so much discussion, Mr. Burt True, was bitten by a rabid dog last May. The dog had bitten him in the center of the right hand. Being in the country at the time, it was some twelve hours before he [illegible] had a surgeon, who cauterized the wound with nitrate of silver The wound healed and remained so until it became irritable and broke out again Soon the first marked symptoms of hydrophobia showed themselves, convulsions, "barking like a dog," frothing at the mouth, and making [illegible] to bite everything that came [illegible] During the convulsions the patient would [illegible] the pillows from his bed in his teeth, and rend them with all the [illegible] of an angry dog.

An [illegible] dread of water also exhibited itself, the sight of which threw him into the most terrible convulsions, at the times requiring the united strength of five men to keep him under subjection , in fact, every symptom of hydrophobia made itself conspicuous The patient was attacked on Friday evening, January 19th On Saturday evening his physician, Dr. Axford, reached him, and at once was convinced of the terrible nature of the disease. Having had a case similar seven or eight years since, where the patient recovered under his treatment, and has remained well ever since, after consulting the physician present, Dr. McCall, it was decided to place the patient under the same treatment which had been successful in this former case which for the aid it may be to others who suffer from this disease, we here give as follows The injection under the skin of large doses of morphine, and the administration of large doses of castor, which is a powerful antispasmodic About one grain of the sulphate of morphine was injected under the skin once in four hours, and half a drachm of the powdered castor, mixed with syrup, given internally.

The effect was to produce sleep in about half an hour, which lasted about an hour and a half, when the convulsions returned at intervals of an hour to an hour and a half until 9 o'clock on Sunday morning when the last convulsion occurred, after which he suffered severely from obstinate vomiting until Monday at 10 o'clock, when that also ceased leaving the patient comparatively easy but very much prostrated Since that time he has gradually improved, and now is to all appearance, quite well. In addition to the above treatment, small quantities of chloroform were inhaled at times, and on Sunday morning the patient was wrapped in a woolen blanket wrung out of a warm solution of muriate of ammonia This was the treatment which checked this fearful malady, and which Dr Axford, for the sake of humanity, is anxious it should be published to the world and thoroughly tested

A Plea for Animals

Colonel Hamley of the British army in what he calls his philozoic essay on Our [illegible] Relations presents a forcible plea in behalf of the animal races domestic and wild Intense in language and figures, his essay presents legitimate arguments to commend our fellow inhabitants of earth to our sympathies First we have a picture of what the earth would be if man lived alone on it [illegible] what this world would be like if man [illegible] other animal [illegible] [illegible] the [illegible] and the river [illegible] of their shy silvery gleams and the dart [illegible] shad [illegible] the air [illegible] the chill hum of insects and the song of birds? What a dismal hush [illegible] What [illegible] harm and delight wanting to the woods the field the shallows and the deeps! What glory lost [illegible] the grass with the spotted lady birds the mailclad beetles and the slender grasshoppers What [illegible] the flower with the bronzed and fire tipped [illegible] that fed [illegible] its heart and the painted butterfly [illegible] How dull had been [illegible] for Adam with nothing breathing but Eve and all the rest of creation inanimate—no voice but that of the wind or the thunder—no motion but the flow of the stream the floating of the clouds, the waving of the trees! The earth would have been silent as a picture the forest and the plain the mountain and the lake for one tremendous, insupportable solitude—solitudes that none would have sought since there could have been neither hunters nor fishers herdsmen nor shepherds

Yet man is striving with all his might to reduce earth to this condition His work may be wanton or purposeless careful or sportive criminal or seemingly innocent but it all tends the same way and the whole race big and little kindly and cruel as the individuals may be, are each doing what he can or what he dare toward that result The author of this work gives pictures not handsome of a class who contribute a share of what they consider innocent or even laudable share in this great work The act which has of late come to be stigmatized as bird murder still in rural districts casts a halo of glory round the perpetrator and we frequently read in provincial papers how Mr James Butcher, gamekeeper at Longears lately shot a fine specimen of the golden eagle or how our respected fellow townsman Mr Noodle killed last Wednesday the only hoopoe that has visited this part of the country for many years Nightingales so common in the south of England, have not spread so far Westward as Devonshire and an idiot once wrote to the papers to announce that he had just succeeded in killing one which had been guilty of straying within the confines of the country as it was singing on the top of a thorn

Consider the perpetual misery a race has been brought to suffer which has been taught by several generations growth of instinct to live in constant apprehension A naturalist well qualified to form an opinion believes we are told, that the life of all beasts in their wild state is an exceedingly anxious one that every antelope in South Africa has literally to run for its life in every one or two days upon an average and that he starts and gallops under the influence of a false alarm many times in a day Our own fields and woods are full of proscribed creatures which must feel as if they had no business in creation and only draw their breath by stealth, vanishing in earth or air or water at the shadow of an imagined enemy

This treatment of inferior races is wrong in an economical view as we are now experiencing after two or three generations of systematic interference with the balance of nature That we have such difficulty in raising crops of any kind is because of the intolerable multiplication of insects, following the idiotic destruction of the birds which had kept them in check Col Hamley's book is published by J E Tilton & Co , Boston

Mr Greeley considers the present month the best time for grafting baked bean trees and pruning celery vines The pork crop should be transplanted from the hot beds as early as the 20th, or the ears will not fill out well, and the curculio will devour the fruit as fast as it falls from the limbs Lettuce should be planted about four seeds in a hill, on land plowed at least six feet deep with a sub soil plow and poles should be set for the vines to run up on The heads should not be shaken from the branches, but picked by hand Suckers should be pinched off beet bushes, and the dried-apple crop sown in drills with sauer kraut planted between the rows

RESOLUTIONS ADOPTED BY THE STATE REPUBLICAN CONVENTION AT PORTLAND MARCH 19, 1872

The Union Republican party of Oregon in Convention makes this declaration of its principles and policies

1 To the Constitution of the United States and all its amendments we pledge our unfaltering allegiance to its authority a willing obedience to a full and equal enforcement and to [illegible] our constant support.

2 That the record of the present National Administration in reducing the public debt diminishing and equalizing taxation administering every branch of public affairs with economy and efficiency [illegible] the civil service enforcing the laws without fear or favor protecting the [illegible] with paternal care against the cruel avarice of speculation and fraud and maintaining friendly relations with Foreign Powers has been such as to command the approbation of the great majority of the American people and justly entitle it to the confidence and [illegible] of every true Republican

3 We regard the payment of the national debt in full compliance with all legal obligations [illegible] everywhere and in accordance with the true letter and spirit of its contracting as no longer a question in issue but that we may [illegible] early and [illegible] pronounce all forms and degrees of repudiation of that debt as affirmed by the Democratic party and [illegible] sympathize as any national calamities [illegible] and we will never consent to [illegible] justice in its complete satisfaction

4 We admit of no distinction between citizens whether native [illegible] the [illegible] of the [illegible] States lately [illegible] and we pledge the full and effective protection of [illegible] all persons [illegible] [illegible] land

5 We favor the encouragement of railroads by the General Government of the United States and hold that such disposition should be made of the public lands as shall secure them to actual settlers only in quantities not exceeding 160 acres

6 That while we are in favor of a revenue for the support of the General Government by duties upon imports sound policy requires such adjustment of those duties on imports as to encourage the development of the industrial interest of the whole country and we recommend that policy of national exchange which secures to the working men liberal wages to agriculture remunerative prices to mechanics and manufacturers an adequate reward for their skill labor and enterprise and to the Nation commercial prosperity and independence

7 We believe that [illegible] the [illegible] any diversion of or interference with the common school funds or lands in this State for any other than their legitimate purposes [illegible] by the last Legislature [illegible] dollars taken from the [illegible] position consisting mainly of Democratic leaders and [illegible]

[illegible]

8 [illegible]

9 We are in favor of [illegible] warrant for a homestead of 160 acres of public lands

10 [illegible]

11 That the Republican party of [illegible]

12 That [illegible] by every [illegible] the Republican party [illegible] duty of the law making power to [illegible] and limit the evils and [illegible] public good and [illegible] persons [illegible] duct

13 That the Republican party [illegible] of obtaining assistance from the General Government for the construction of a wagon road from the city of Portland to the Dalles recognizing this as a most important and necessary improvement for the State

14 We affirm that the continuance in power of the Republican party is the only sure preservation of national peace and prosperity and for reasons therefor we point to its brilliant record in the late civil war to a complete nationality to a united sisterhood of thirty seven States, to our Territories rapidly warming into State life to a nation freed from the taint of human slavery to an elevated and enlarged citizenship, to our national standing at home and abroad to the work of reform in all discovered abuses of authority or trust [illegible] and [illegible] to a successful and sound financial system and to the unparalleled [illegible] prosperity everywhere [illegible] broad domain and these are pledges for the future
